TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Fremont, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall, in said Fremont, on Tuesday, the thirteenth day of March, next, at eleven-thirty of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To hear the report of the Budget Committee and take such action as the Town deems necessary.
3. To raise such sums of money as may be necessary to defray Town Charges, Care of Cemeteries, Street Lighting, Support of Poor, Old Age Assistance, Maintenance of Highways and Bridges, General Expenses of Highway Department, Public Library and Memorial Day for the ensuing year and make appropriations for the same.
4. To see if the Town will vote to raise and appropriate the sum of \$225.08 for town road aid.

5. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to be used for new tarred road construction.

6. To see if the Town will vote to raise and appropriate the sum of \$1,100.00 for the use of the Fremont Fire Department.

7. To see if the Town will vote to raise and appropriate the sum of \$200.00 for fighting forest fires.

8. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

9. To see if the Town will vote to authorize the Selectmen to sell at private sale or public auction land acquired by Tax Collector's deed.

10. To see if the Town will vote to sell to Louis Bouchard for the sum of \$50.00 approximately twenty feet of frontage on Route 107 adjoining the property presently owned by said Bouchard, the line to extend straight back from the road to the property of Richard Kelley.

11. To see what action the Town will take by ballot on the following question: "Shall the provisions of Chapter 171-A of the Revised Laws, relative to playing Beano be adopted in this Town?"

12. To transact any other business that may be deemed necessary.

WARRANT TO BE TAKEN UP IN THE EVENING AT
7 O'CLOCK.

Given under our hands and seal, this 6th day of February, in the year of Our Lord nineteen hundred and fifty-six (1956).

HAROLD L. JONES

GEORGE H. BASSETT

REPORT OF THE PLANNING BOARD

Regular monthly meetings have been held during the past year. Major discussion topics have been:

1. Do our present zoning ordinances cover the summer home development along the Exeter River?

It seems likely there should be some revision. Perhaps a subdivision could be set up with special ordinances to handle summer homes.

You can obtain copies of the present zoning and building ordinances at the Selectmen's office, and any suggestions you may have to help make our town a better place in which to live will be welcomed by the Planning Board. Incidentally, you may not know that our present ordinances require you to obtain a permit before you make a new building or before you make any alterations in your present buildings.

2. Can or should a small industry be obtained?

Victor Marcotte heads up a special committee on Industries studying this subject. This committee is exploring the possibility of using land now owned by the town across from the Boston and Maine depot. It has planned a January meeting with a representative of the State Planning and Development Commission to see just what can be done.

REPORT OF CHIEF OF FIRE DEPARTMENT

Again it is a pleasure to report that very little damage has been caused by fire during the past year. Our most serious fire was one caused by lightning at the home of Mrs. Effie Hooke. Thanks to the alertness of a neighbor the damage was much less than it could have been, had it gone undetected longer.

Red Network phones have been installed this past year. The Red Network number is TW 5-2512 and should be copied on the front of your phone book.

All water holes have been checked this year and those not considered good were filled in; those considered valuable were dredged out and will be fenced in at a later date.

The Fire Department has purchased a Scott Air Pac to be used when entering a smoke filled building. The Fire Association has been active this year. It has purchased a Scott Air Pac to match the one purchased by the Town. The Association has also purchased fifty chairs for the fire house and new window curtains. It has purchased an outdoor stage for use at carnivals. A new flag pole has been erected at the fire house.

A prize of ten dollars was won by our Ford truck at Newton's Fire Department Carnival for being one of the best equipped trucks in their parade.

We have been saddened this year by the death of one of our association members. Richard C. Davies passed away at the Francis E. Warren Air Force Base in Wyoming. He joined our association in February, 1953. Our flag pole was erected in his memory and flies the flag given to us by his parents.

Following is a list of the fires which occurred in 1955:

February 1, Frederick Tenney	Chimney Fire
February 22, Jesse Burleigh	Garage
February 25, Allen Hall	Chimney
April 9, Fire reported by Kingston Lookout Tower,	couldn't be located
April 9, Horace St. John	Grass Fire
April 18, James H. O'Connell	Grass Fire
May 8, Effie Hooke	Fire caused by lightning
July 3, Fire at town dump	
July 3, Old tires set afire at three locations	
July 13, O. Kent Lawrence	House Fire
August 8, Spruce Swamp	Lightning Fire
August 10, Governor's Lake	Aid to Raymond
August 29, Ridge Road, reported from Kingston Tower,	couldn't be located
December 30, Emedie Beaulieu	Chimney Fire

F. CARROLL HESELTON

Fire Chief

REPORT OF THE FOREST FIRE WARDEN

IN 1956, "KEEP IT GREEN"

Since we all have the new dial phones we cannot call Miss Brown, tell her where the fire is, and have her call the Fire Department. We have to dial the number ourselves. So don't call the wrong number. Call the correct number, TW 5-2512. Give the kind of fire, the location, and *don't hang up* until the message is repeated back to you correctly.

I would like to have in this report one paragraph from a communication I received from our State Forester, William H. Messeck, Jr.

"Once again we have enjoyed a very fine forest fire record in 1955. To be sure we had some assistance from the weather the first part of the fire season, but I believe you will all agree that during certain periods conditions were very much like the year 1953 when we experienced our disastrous fires. The fact that we had 463 fires which burned 409 acres of forest land indicates the excellent job you have accomplished at town level in your forest fire prevention and suppression work for which I would like to take this opportunity to commend each of you highly. A seasonal forest fire record such as New Hampshire's for the past year gives us a very enviable lead among other states of comparable size and with similar conditions. We enjoyed the position of leader in 1954 as well as last year, and I feel confident that with the town organization that we have, we will be leaders in 1956 as well."

As Smokey the Bear says, "Repeat after me! I *will* be careful!"

Remember — only *you* can prevent forest fires!

Thank you,

CLARENCE PHILBRICK

Forest Fire Warden

REPORT OF AUDITOR

I have examined the accounts of the following Town Officers: Town Clerk, Tax Collector, Treasurer, Selectmen, Librarian, Janitor of Town Hall, and Trustee of Trust Funds, and find all supported by proper vouchers.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Fremont qualified to vote in district affairs.

You are hereby notified to meet at the Town Hall in said district on the 12th day of March, 1956 at eight o'clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of

statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To transact any other business which may legally come before this meeting.

Given under our hands at said Fremont, this 27th day of February, 1956.

LAURENCE A. PETTENGILL

MAURICE K. KIMBALL

Mrs. Dorothy McPhee Grades 5-6	2,800.00
Mr. Paul D. Beeman Grades 7-8	2,800.00

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Fremont:

It is with pleasure that I submit my first annual report to you. The following tabulation shows the enrollment in the Ellis School with grade assignments as of September 18, 1955:

Teacher	1	2	3	4	5	6	7	8	Total
Miss Ruth White	14	14							28
Mrs. Martha Guinesso			14	17					31
Mrs. Dorothy McPhee					23	11			34
Mr. Paul D. Beeman							13	6	19
GRAND TOTAL									112

The Ellis School, under the principalship of Miss Ruth White, has brought about, educationally, a successful school year. Much emphasis has been placed on the 3 R's with a carry-over into the social studies in order to educate the whole child. There are evidences that the techniques employed by the teachers allow for self-discipline, with resultant growth characteristic of self-control.

A new and most effective plan has been developed this year in reporting to parents the progress of pupils in grades one and two. The tendency is away from the old-fashioned report card, which reported only such facts as the pupil's scholastic conduct and attendance, and toward a more comprehensive report form containing information on the pupil's habits and character traits. This newer type of reporting, which is characterized by attempts at providing more and

more information on the pupil are much more time consuming than the former type. The teachers and I agree that they are worth the extra time and energy. Favorable comment from parents has indicated its need.

It is my hope in the near future that penmanship may be taught in the Ellis School. Improvement in the handwriting of the children is definitely desired.

Mr. John Scanlan, Guidance Director, was replaced by Mrs. Eugenia Livingston. Her duties have consisted of testing and counselling.

It is gratifying to observe the children enjoy the hot lunch meals at the school. To meet the requirements of the program the following are necessary for each individual serving: two ounces of protein, one-half pint of milk, three-quarter cup of fruit or vegetables, one or more slices of bread, and two teaspoonsful of butter.

Mrs. Maurice Kimball and the ladies assisting, can well be proud of the part they have played as dietitians in the program.

I wish to thank the pupils, teachers, members of the school board and citizens for their cooperation in making the school year educationally sound.

Respectfully submitted,

GEORGE P. SULLIVAN,

Superintendent

District Treasurer

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Fremont of which the above is a true summary for the fiscal year ending June 30, 1955 and find them correct in all respects.
July 25, 1955

FLORENCE A. GEORGE,
Auditor

REPORT OF MUSIC SUPERVISOR

To the Superintendent, School Board and
Citizens of Fremont:

Once again, I am pleased to submit this, my second report, of the musical progress and growth in your school in Fremont.

The general objective of music teaching in the grade schools is to cause the original crude, native interest in rhythm and tone, which characterizes practically every child when he begins school life, to develop into a genuine love of good music based on an intelligent appreciation of its moods, its structure and its notation. Such development will take place only if a consistent educational plan is carried out through a series of years and it is with such a plan that I am attempting to deal.

The main avenues of creating a really intelligent love of music are by learning to sing, learning to play an instrument, training oneself in appropriate rhythmic response, learning to read music notation, and creating music.

The net result of this entire program seems to be that if one is to learn to appreciate music one must become a musician. The better a musician one is, the better one can appreciate music; therefore we must try to guide our pupils into a more extensive knowledge of music, at the same time making the whole experience of studying music so fascinating that they will love the art better and better as they master it more completely.

I am most pleased with the progress being made at the Ellis School, and wish to thank all of the students, Teachers, parents and others who make my work so enjoyable.

Respectfully submitted,

SARA JANE CUMMINGS,

Music Supervisor

NURSE'S REPORT

To the Superintendent, School Board members,
and Citizens of Fremont:

Continued effort is being made to maintain a high standard of health supervision. Due to the cooperation of teachers and parents with the health program, most children with discovered defects are promptly treated.

Last year the outstanding accomplishment was to inoculate with Salk vaccine, first and second graders. A high percentage of the children participated. April has been set as the tentative date for the new polio clinic, which will include the new age group, as well as booster shots for last year's group.

Commendation and thanks are due Mrs. Kimball and her helpers for their interest and efforts in keeping such a fine hot lunch program going, and to Robert Wylie for his care of the school building. These projects are both important factors in the health status of the children.

Many thanks to the teachers, school board members, parents, and all who make school nurse-teaching a pleasant task.

Respectfully submitted,

CONSTANCE J. HUSS, R. N.

School Nurse

GUIDANCE DIRECTOR'S REPORT

To the Superintendent of Schools, Members of the School Board, and Citizens of Fremont:

The opportunity to present the guidance program for the year 1955-56 is welcome, as it is only with the understanding, support, and help of the administrators and teachers of the school, and the parents and pupils of Fremont that the program can be successful.

The present individual record folders for each pupil will continue to be maintained at the school. A new form of individual pupil cumulative record folder will be considered and decided upon with the aid of the teachers. This record will help meet the felt need for a complete and efficient cumulative record of the pupil's physical, mental, and personal progress. The records are available to the teachers at all times: they assist them to better understand and guide each pupil. These records follow the pupil throughout his school career.

The counseling and testing of individual pupils is being continued and expanded as much as the scheduled time permits. Counseling and individual testing are essential phases of guidance because they help determine: the pupil's capacity to do school work, the cause for behavior problems, the reasons for lack of interest in school work, and other educational, vocational, and personal matters that prevent a pupil from making a normal progress at school.

Miss Ruth E. White and Mr. Paul D. Beeman assisted greatly by administering the battery of tests to the fourth, sixth and eighth grades. The following battery

of tests was administered to the fourth and sixth grade pupils: reading, arithmetic, language, and mental maturity. Pupils in the eighth grade were tested in mental maturity, reading, interest, clerical speed and accuracy aptitude, and mechanical aptitude. The results of the batteries of tests administered in the fall will be discussed with the pupils of grade four, six, and eight. Each pupil will have an opportunity to study his own record in order to learn his strengths and weaknesses and where he may advance.

Individual interviews will be scheduled with the pupils of the eighth grade; the parents of each pupil will be welcome at the time of the interview to discuss the test results and their significance, and to assist in planning the courses for high school, which will lead to a happy and successful career.

Vocational talks by specialists in their respective fields were given to the students in the eighth grade to start the pupils thinking about their future life's work. The talks were started in January and continued at the rate of one or more a month. The vocations discussed by the speakers are those in which there is a great shortage of personnel in New Hampshire.

Occupational information was also provided for the eighth grade pupils through occupational briefs, posters, and booklets. These were posted on the bulletin board in the classroom, and changed weekly. It is quite apparent that student interest has been aroused.

Students of Sanborn Seminary also had the advantage of hearing, and conferring with the speakers representing various occupations. They displayed an enthusiastic interest in the occupational information provided

on their newly procured bulletin board in the library.

Fremont students presently enrolled at the Seminary were interviewed, counseled, and tested individually, as the need arose, and the scheduled time permitted.

Early in the New Year, plans were made for teachers' guidance meetings to be held at Fremont and Brentwood Schools. Joint meetings of the teaching staffs were held each month. The location of the meeting was arranged so that on alternate months each school was the host school. Questionnaires were provided to all teachers to ascertain their interests in guidance. As a result of the answers to the questionnaires, the content of each meeting was designed to meet the expressed needs and interests of the teachers in the field of guidance. The meetings should help the teachers attain a broader view of guidance, assist them in the daily problems at school, and the teaching of subject matter through a better understanding of the pupils and their capabilities.

Respectfully submitted,

Eugenia Livingston

Director of Guidance
